## **Health and Safety Policy**

### **Statement of intent**

Fairlands believes that the health and safety of children is of paramount importance. We make our setting a safe and healthy place for children, parents, staff and volunteers.

### **Aim**

We aim to make children, parents and staff aware of health and safety issues and to minimise the hazards and risks to enable the children to thrive in a healthy and safe environment.

### **Methods**

The members of staff responsible for health and safety are Jo Skinner and Carol Plumpton, they are competent to carry out these responsibilities. They have undertaken health and safety training and regularly update their knowledge and understanding. We display the necessary health and safety poster in the Nursery.

### **Risk assessment**

Our risk assessment process includes:

- checking for hazards and risks indoors and outside, and in our activities and procedures. Our assessment covers adults and children;
- deciding which areas need attention;
- developing an action plan that specifies the action required, the timescales for action, the person responsible for the action and any funding required.
